

2019 Day at the Capitol

Talking Points

- HB27 & SB1640 (companion bill to HB27)- Removing BOMA member from the building commission.
- HB1139- Inspections & Permits – Requires each county and municipality to establish a priority process by which an inspection may be expedited.
- SB618, SB1642, SB1112 – Continue to push the rent tax reduction – there hasn't been a house bill filed. If one is filed, Rep Avila, Chairman of the House Ways & Means Committee, will amend the House tax package to include a rent reduction.
